### Market Leading Protection

At MFL Science & Technology we look to provide our clients with innovative market leading insurance protection.

We understand the risks you face on a day to day basis which is why our Medinsure policy not only provides full medical malpractice protection but also some additional key covers as standard.

### Civil Liability Professional Indemnity Cover

Which means that claims arising from Maladministration, Defamation, Data & Confidentiality Breaches and Intellectual Property issues are automatically covered.

### Indemnity to Principal

Cover automatically extends to include those parties that you are providing services to under contract eg. NHS contracts.

### Indemnity to Employees

Covers employees that do not benefit from their own individual indemnity or insurance protection including nurses.

### PR Costs

Your costs to employ expert help in crisis situations.

### Assistance at Official Hearings

Legal defence costs, charges and expenses in relation to your attendance.

### Innocent Non-Disclosure

Meaning that inadvertent non-disclosure of facts won't invalidate your insurance (subject to underwriting).

### 30 Day Extended Reporting Period

If no other cover is in place you have up to 30 days after expiry to make a claim.

### Legal Helpline

Help when you need it on complaints handling, risk assessments, HR advice and other general legal issues.
